OPEN NEW ROUTES

This project is about providing a fun and interesting experience for hikers and the likes, so that they can find out more about the place they're exploring during their hike using occasional XR breaks.

DATA ALL AROUND US

Thanks to this flow of data, it can be used to enhance the beauty of the area and more; with various data points, we can continually gain a broader understanding of the region.

Beyond (02) the map
find new (03) paths
and go (04) further
