Konverto, an optimization challenge,
One platform, two sides, one loop.

Our approach on refactoring and refining the overall path.

Presented by: Laurel, Jacob, Pedro, Sebastiano

Here following,
our team.

Laurel Matt
Project Manager

Jacob Wieser
Software Developer

Pedro Ramos
Quality Assurance

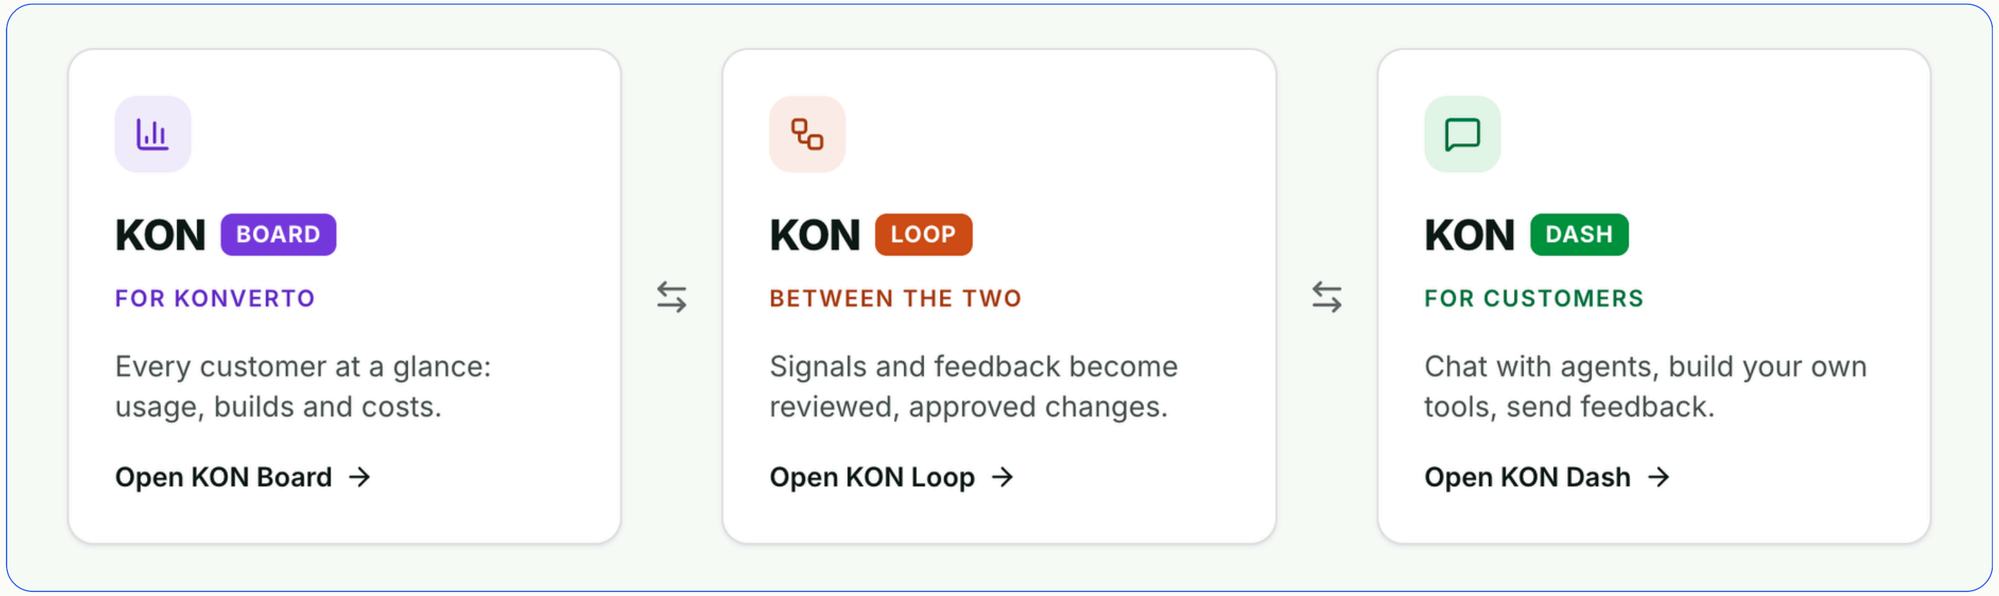

Sebastiano Druda
Product Engineer

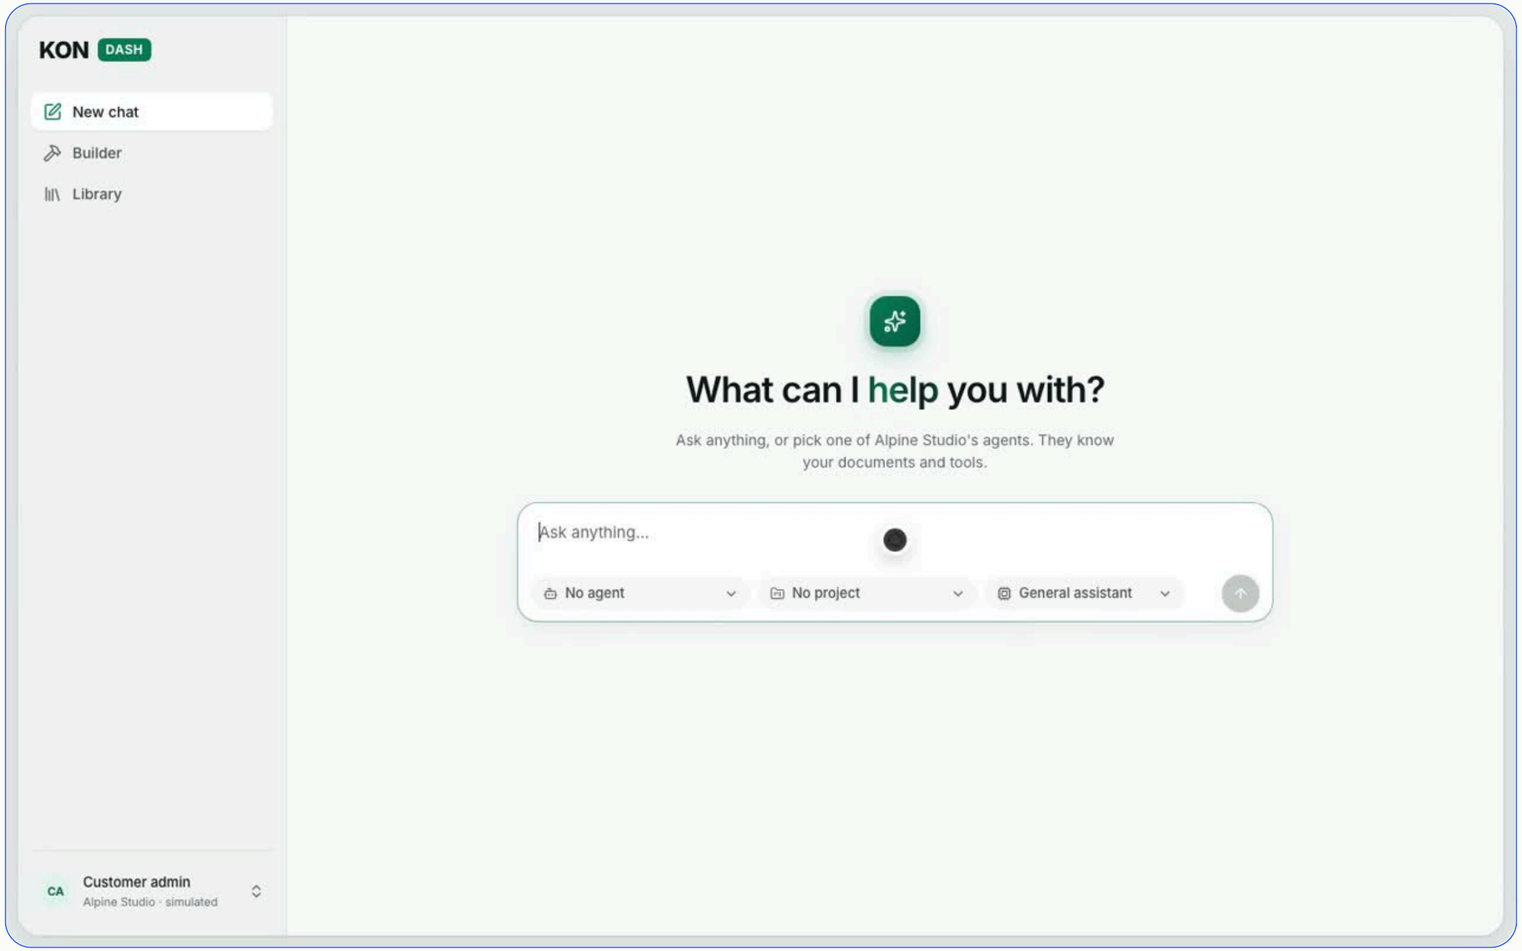

From where we
choose to start ?

The challenge was clear, but one question guided our approach:

How can Konverto continuously improve its AI services, proactively and reliably?

Our solution,
one unique loop.
